

"Life tastes good here."

**In the
Heart of Wine Country**

Unwind in the Vines.

Embrace the Romance of the Vineyards at Colorado's Authentic Wine Estate created by the Victorian-style Wine Country Inn, Estate Vineyards and the historic Grande River Vineyards.

Opened in 2008, the 80-room boutique hotel sits in the middle of 21 acres of working vineyards and is bordered on the east by Grande River Vineyards and its welcoming Tasting Room.

Get to know our ever-expanding wine industry, popular orchards, farms, and local art scene as well as skiing, hiking and world-class cycling nearby — or just kick back and soak up the sunshine at our oversized pool, sip wine in our beautifully landscaped courtyard, and surrender to pampering of our attentive staff.

Life tastes good here, whatever your choose.
