Juliann Adams Hired as Event Planner/Coordinator
May 1, 2008
FOR IMMEDIATE RELEASE

Juliann Adams will be the Events Coordinator for the 80-room Wine Country Inn now under construction in Palisade, CO, General Manager Scott Meyer has announced.

"Juliann's extensive experience and professionalism will enable us to deliver a high level of service for the weddings and events we have already sold and more that will be on our calendar in the future," says Meyer. "We are fortunate to have her on our Wine County Inn team."

Adams, who has served as Event Planner for Two Rivers Convention Center and the Avalon Theatre, was recently cited by the City of Grand Junction as a city employee who makes a difference.

In that position Adams coordinated and detailed meetings, conferences, multi-day conventions, trade shows, weddings, gala, concerts, corporate retreats and theatrical performances.

Adams' prior experience includes Event/Programming Coordinator for HBA of Northwestern Colorado, Fund Development Specialist and Event Planner for Girl Scouts of Chipeta Council

Adams is a member of the Meeting Planners International as well as the Downtown Rotary Club and has served on boards for Grand Junction Musical Arts Assn., American Red Cross, March of Dimes and the Grand Junction Area Board of Realtors

She was named Associate of the Year for HBA of Northwestern Colorado in 2002 and for the Grand Junction Area Board of Realtors in 2004.

Despite her heavy work load, Adams finds time to volunteer for a varied group of organizations. She is President of the Mesa Community Club Board and the Public Improvement District, member of the Mesa Community Library Committee, board member of the Grand Junction Musical Arts Assn., Downtown Rotary Club and helps with the Team Moms raise funds to pay for team travel and special equipment for her son's Palisade Bulldogs football team.

And if that were not enough, Adams has helped with events benefiting the March of Dimes, United Way and American Red Cross.

"Because of her tireless charitable efforts, Juliann will be a valuable asset not only for Wine Country Inn, but also for the Palisade community," predicts Richard Tally, owner.

A Connecticut native, Adams received her Bachelor of Arts, Fine Arts from Washington School of Art in Chicago and earned a Certificate in Graphic Design from Fairfield University.

Adams lives in Mesa with her husband and son, who will be attending Mesa State this fall. She also has three adult daughters who live on the Front Range and four grandchildren.

Adams reports for work on June 1.
